

**2010 National Learning Fund for Leaders
Newfoundland and Labrador Conference
The United Church of Canada**

This year (2010) there will be money available for grants to help individuals with the cost of learning events. As in recent years, we will expect people to apply for this grant by application prior to the event taking place. The fund is open to ministry personnel and lay persons.

Attached, you will find a *2010 National Learning Fund for Leaders* application form. As is stated there, it is expected that you will discuss your participation in the event with your Ministry and Personnel Committee (for ministry personnel); your Pastoral Charge or Church Council/Board/Session, Christian Development Committee, District Chair or Conference Personnel (for lay persons); or employing unit Staff Committee or supervisor (for Conference Staff, Chaplains, etc). Please note that a signature is required on the form. It is also required to have your District Learning Fund Committee involved and a signature obtained. These Committees will review completed applications and pass on approved applications to our Administrator, Ms. Alison Piercey, for payment.

Applications without complete information will be returned to the individual for completion prior to processing.

Important Information:

Applications must be submitted at least two weeks prior to the scheduled date of the event.

Preference will be given to events sponsored or endorsed by The United Church of Canada.

Travel costs will be paid for by the most economical and practical form of transportation. The rate per kilometer is \$0.25. It is expected that car pools will be used whenever possible.

Maximum grant for an individual in this calendar year is \$400.

Lay persons may apply for up to 2/3 of the total cost of an event. Clergy presently serving in a ministry position may apply for up to 1/3 of the total cost of an event. (Clergy can also avail of the continuing education funding provided by their pastoral charge or employing unit.)

The District Learning Fund Committees may take extraordinary circumstances into consideration. It is understood that these circumstances are without prejudice and do not serve to set a precedent.

Those who receive funding must complete and return the attached evaluation form to the National Learning Fund Committee.
